

JERSEYS DISPLAYED FOR SALE

Jersey cattle that will be offered in the Tulare County Jersey sale, April 9 at the Tulare County fairgrounds are now on display at the fairgrounds, with some top animals, representing popular bloodlines, consigned.

Sixty head will be offered — cows that classify "excellent" and "very good," with 500-650 pound records. Good fresh or springer cows, open and bred heifers have been consigned, mostly purebreds, but with some grade animals. Special attention will be given Future Farmer and 4-H club buyers.

Lunch will be available on the fair grounds, beginning at 11 A.M. The sale starting at noon, will be managed by the Tulare County Jersey Cattle club, with Ronnie Carr, club secretary-treasurer as clerk. Sale catalogues can be obtained by writing to the Tulare County Jersey Cattle club, Rt. 1 Box 284, Tulare.

Heading the sale committee is Chester Gilbert, Porterville; other committeemen are Mr. Carr, Henry Elam and Harry Spaulding. Jersey breeders from Tulare, Kings and Fresno counties are consigning.

Harry Britton Will Manage Fair; Program Planned

Harry Britton, Porterville, was this week named as manager of the 1951 Tulare County Junior Livestock show that will be held in Porterville May 24, 25 and 26, and directors will meet tomorrow night, Friday, at Berkshire's Palm cafe to further plan the community's fourth annual fair. Mr. Britton replaces Bill Reece, who resigned.

A final decision has not been reached concerning location of the fair, however, directors have been conferring with Porterville City Manager Harold Corbin and with Porterville city councilmen about use of the municipal ball park, and it is believed a final decision will be made at next Tuesday night's meeting of the city council.

As planned this year, the fair will feature exhibits of junior livestock; a junior fat stock sale; appearances of Porterville's Fair Canterbelles; merchant displays and special attractions. Directors at present are completing plans for entertainment features for the fair.

The Porterville event, unsupported by any outside source of funds, was designed four years ago to feature junior exhibitors and put on display agricultural produce and livestock from southern Tulare county — one of the great agricultural areas of the world.

ST. ANNE'S NEW CHURCH BUILDING FUND WILL BENEFIT FROM DINNER NEXT SUNDAY

Monsieur James Dowling, Fresno, will be the principal speaker, and Mr. and Mrs. Douglas Beattie, Porterville, will sing at a St. Anne's New Church fund dinner to be held April 1 at 6:30 P.M. in the VFW hall, 200 E. North street in Porterville. Master of ceremonies will be C. A. Heffernan.

Chairman of the arrangements committee is Vincent Zaninovich, who accepted the position after Mrs. Anton Konda became ill; Ken Vossler, ticket sales; Mrs. Oren Sheela, hostesses and R. J. Owen, serving.

Tickets may be obtained from Oren Sheela, Mr. Vossler, or members of the Knights of Columbus.

MAKE A DATE --- DON'T WAIT

Things are buzzin' cousin, and right now is a good time to make a few dates for the coming weeks.

And we mean, starting tonight — the annual Porterville chamber of commerce banquet, 7 P.M. in the Porterville high school cafeteria.

Annual spring business meeting of the Tulare County Cattlemen's association, tomorrow, Friday, March 30, at Berkshire's Palm cafe, noon.

Strathmore Community day, April 6, starting at 11 A.M. and continuing through the day.

Cowbelle dance and potluck supper, Porterville Fraternal Center, April 7.

Lindsay Orange Blossom Festival, April 20, 21, the big day is all day, April 21.

Springville Frontier days, April 21 and 22 — all-day celebration in the western fashion April 21 and a top notch rodeo in the improved grounds April 22.

Southern Tulare County Sportsmen's annual banquet, April 23, Porterville — barbecue dinner, program and the usual excellent entertainment.

Tulare County 4-H Fair, May 4 and 5, Tulare County Fair grounds.

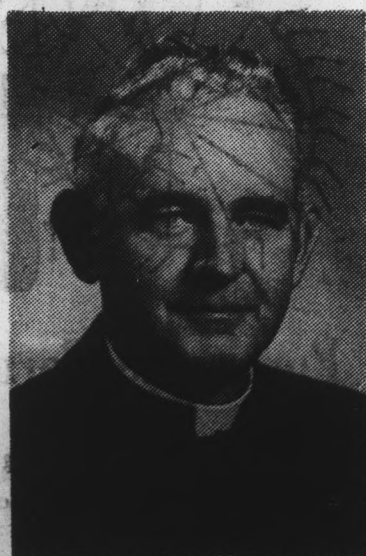

Porterville Roundup — May 5 (evening) and May 6 (afternoon) a professional rodeo at the Rocky Hill arena, sponsored by the Or-

COUNTY TAXES GO DELINQUENT ON APRIL 20TH

County Tax Collector J. A. Janeli, calls attention to the fact that the second installment of county taxes become delinquent, if not paid by April 20th. After that date a 6% penalty will be added to the second installment plus a cost charge as provided by law.

The uncollected balance for the 1950-51 fiscal year stands at \$3,137,173, as of March 20th. Of this amount approximately \$125,000 is first installment delinquency.

The Tax Collector also calls attention to the fact that it will step-up the processing of payments, if payments are mailed to the office and stresses the need for mailing or bringing statements when making payment.

MSGR. JAMES DOWLING

STRATHMORE COMMUNITY day plans are getting into full swing as committee works take care of details for the annual Strathmore event, set this year for April 6. Upper picture shows Eleanor Rodrigues and Yvonne Marks selling a Community Day ticket to D. R. Lightner, Strathmore High School principal and, bottom, committee members Bill Palmer, Bruce Ward and Merritt Anderson are told by Don Baird to go to work — and Mr. Baird is not foolin'.

DAIRY MANAGEMENT COURSE TO BRING LATEST EDUCATIONAL INFORMATION ON CURRENT PROBLEMS OF THE INDUSTRY

Latest information concerning current problems of the dairy industry in Tulare county and the San Joaquin valley will be discussed at a series of meetings, scheduled for Tulare high school, 8 P.M., April 4, 10, 17 and 25.

As set up by the sponsoring agencies — the dairy industry itself, the Tulare county health department, county schools and the Agricultural Extension service — the April 4 program will include:

"Dairy Sanitation," Dr. E. H. Barger, Borden's Dairy Delivery, San Francisco and "Labor Efficiency in Dairy Barns," G. E. Gordon, Extension dairyman, University of California, Berkeley.

On the April 10 program will be: "Diseases of Dairy Cattle and Herd Fertility," Dr. Robert Ormsbee, practicing veterinarian, Stockton, and "Skit" depicting proper and improper methods of dairy cleanup.

April 17 program will feature, "Artificial Breeding," C. L. Pelissier, extension dairyman, University of California, Davis and "Off-Flavors in Milk and Dairy Products," Dr. W. L. Dunkley, division of dairy industry, University of California.

The April 25 program will include: "Fly Control," Dr. Don Murray, district manager, Delta Mosquito Abatement district and

(Continued on Page 10)

Dairy Animal Grooming

Fitting and showing of dairy animals will be demonstrated to 4-H club members in the Porterville area at a meeting to be held at the Ray Kennedy ranch, Saturday, March 31, at 10 A.M., with Ross Thomas, farm advisor, to conduct the meeting. All interested persons are invited to attend. The Kennedy ranch is located two and one-half miles north of Olive street on Rockford road.

TRIBUNE PRINTER CHAMPION SKIER

As of last Sunday, The Farm Tribune has a champion in its own back shop — Bert Weeden, a Tribune printer, winning the Far Western Skiing association's class C combined downhill and slalom championship at Dodge ridge.

Weeden tied for first in downhill racing, covering a three-quarter mile course in 54.1 seconds and two quarter-mile slalom courses in 42.5 and 44.4 seconds for a total time of 2:27. He beat his nearest competitor by five seconds in the Modesto Ski club sponsored event.

J. J. HATFIELD WINS JUDGING, PRIZES GO TO LOCAL BOYS AT COW PALACE SHOW

J. J. Hatfield, Porterville Future Farmer, took top honors in individual over-all livestock judging and in individual beef cattle judging at last week's Junior International Livestock Exposition at San Francisco's Cow Palace, in competition with the best junior showmen that the western states have to offer.

Russell Reece, Porterville, showed a two-star choice and a choice Poland China barrow, out of three barrows entered, and

No Road

Plans to construct a road from the river crossing south of Springville to the Soda Springs crossing at Springville, on the east side of the Tule river, have been dropped, according to Supervisor Rodgers L. Moore, however, county survey crews will complete survey work now underway in order to tie down an easement that the county holds. The Springville chamber of commerce recently voted its opposition to the proposed east of the river road.

STRATHMORE CELEBRATION APRIL SIXTH

Barbecue, baseball, two dances and a program in the high school auditorium will feature Strathmore's Annual Community day, Friday, April 6, with committees, headed by Co-Chairmen Merritt Anderson and Sam Richardson putting the final polish on plans for the celebration.

Alumni of Strathmore high school will gather for a program in the high school auditorium at 1 P.M.; Strathmore high will meet Woodlake high in a baseball game on the Strathmore field at 3 P.M.; a barbecue, complete with musical entertainment, will be served on the school athletic field at 5 P.M. and during the evening two dances will be held — a ball room dance and a folk dance.

Assisting with arrangements are: Paul Anderson, Strathmore Lions club; Charles Solomon, Future Farmers; Bruce Ward, Strathmore Veterans club; Mrs. Bruce Burford, Towne and Country club; Mrs. Richard Berryhill, Strathmore Garden club; Bill Palmer,

(Continued on Page 10)

New Officers Will Be Named By Cattlemen

Election of officers for the 1951-52 years will be one of the principal items of business at the annual spring meeting of the Tulare County Cattlemen's association, tomorrow noon, Friday, at Berkshire's Palm cafe in Porterville.

Expected to attend the meeting are John Baugartner, president of the California Cattlemen's association, who will discuss problems of the industry, and Ed Dick, state association secretary, who will speak on legislation that concerns cattlemen.

Other general business of the county association will be considered at the meeting. Presiding will be F. R. Farnsworth, president of the Tulare County Cattlemen's association.

JOHN GUTHRIE TO WASHINGTON

John Guthrie, White River cattleman and former president of the California Cattlemen's association, was called to Washington this week to attend a series of meetings with Michael DiSalle, head of the national price control setup.

Mr. Guthrie, who was in Washington just prior to the time price controls went into operation, is one of the representatives of the western states cattle industry. It is assumed the Washington meetings will concern livestock and meat price controls.

Mr. Guthrie, who was in Washington just prior to the time price controls went into operation, is one of the representatives of the western states cattle industry. It is assumed the Washington meetings will concern livestock and meat price controls.

Questions On Mechanical Cotton Pickers Answered In New Extension Service Bulletin

By Ralph L. Worrell
Farm Advisor

A new bulletin answering many questions that farmers have on the use of mechanical cotton pickers has just been released by the Agricultural Extension Service of the University of California, and is now available at the Tulare County Farm Advisor's office, postoffice building, Visalia.

With the increased use of mechanical cotton pickers, farmers have been asking many questions about the economics of mechanical picking. Such questions as: What is the cost of machine picking; how many hours of operation make a full season's use; what is the difference in value of machine picked cotton, as compared to hand picked cotton; how much acreage can a harvester handle per hour; is the gin-turnout of cotton affected by machine picking; are causing farmers concern.

A Living Flash Of Glittering Gold — That's The High Sierra's Golden Trout

By Phil the Forester

Unique in California is the native golden trout described as "a living flash of light," originally found only in three small streams of the Kern river watershed but since planted in many high elevation lakes and streams of central California.

Early day planting procedure to barren waters throughout the High Sierras was by hook and line catch and pack stock transport. This work was carried on mainly by cattlemen, sportsmen and game wardens.

In 1918, state fisheries men established camp on the Cottonwood lakes out of Lone Pine. Here in the ice cold waters at 11,000 feet elevation, eggs were stripped from trapped female golden, transported by pack stock and truck to the Mt. Whitney hatchery near Independence where they were hatched out and the fingerlings returned to the high country for introduction to new waters.

This inconvenient and discomfiting artificial propagation system continued for some 25 years and was then abandoned as having served its purpose. Future stocking was by reverting to the original hook and line catch and pack stock transport.

As a result of all these operations, California's golden trout has become widely distributed throughout the central and southern High Sierras, much to the delight of the high elevation trout fisherman.

Although a close relative to the rainbow trout, the golden is brilliantly colored lemon-yellow, orange or even red, having fewer spots than the rainbow and they usually retain their parr marks in adult form. They are similar to the rainbow in size with the larger specimens being found in

these "would-be" packers are the exception, but nevertheless the ones who make regulating a public demand. The great majority of our high mountain and back country pack outfits are in business to stay and conduct themselves accordingly.

GUIDE FOR FISHERMEN

A miniature fish finder about the size of a cigar box operating on the echo-sounding principle has been developed for pleasure boat fishing by a Hollywood manufacturing firm. The device is actually an electronic depth recorder locating fish by bouncing back high frequency signals off the ocean bottom and drawing in chart form a detailed picture of everything beneath the boat.

Soon there will be little excuse for not catching fish except just no fish but that time seems to be slowly making headway too. For instance we have a report that the City of Los Angeles has filed applications with the State Division of Water Resources for the construction of a series of dams on the middlefork, southfork and main Kings River.

Our report indicates that the proposed dams will eliminate approximately 60 miles of Kings river trout fishing and inundate extensively used recreational areas such as Cedar Grove, Paradise Valley, Zumwalt Meadows, Tehipite valley and Simpson meadows. Much of the Kings River water is to be diverted through tunnels, canals and flumes according to information and the fluctuating reservoirs which furnish poor fishing at best will be contained in steep granite walls.

Ralph and Rose Hargraves were recently arrested by game wardens for having one deer ham in their Porterville restaurant ice box. The fine was \$500 with half suspended. Joseph H. Porter, Merced, paid \$100 for possessing a pheasant and had his hunting license suspended for one year.

CATTLE SHOWMAN

Latest cattleman of national prominence to come to Tulare county is Stuart Cooper, who is now in charge of sale bulls at the AceHi ranch of Mr. and Mrs. F. R. Farnsworth. Mr. Cooper, who has conditioned and shown national champion beef animals, got his first taste of local community life recently when he assisted with the judging of cattle at the Strathmore Future Farmer fair. He has been associated with some of the top cattle ranches in the country.

COOPER

Ernest L. "Doc" Turner, has been appointed as timber manager of Sequoia National Forest, it was announced this week by Supervisor Paul Stathem. He succeeds Don Lewis, who was recently promoted to a post in the San Bernardino National forest.

THE OLD DAYS

From miscellaneous files of pioneer Porterville newspapers, provided through the courtesy of Howard J. Frame, Porterville.

OCTOBER 15, 1891

The jury at Visalia has brought in a verdict of not guilty and on motion of the district attorney the charges of assault with intent to commit murder has been dismissed against William Dalton, in connection with the attempted train robbery at Alila last week.

The public manifested but little interest in the trial of Dalton last week owing probably to the fact that a fair and circus were going on at the same time, but this week, quite a large crowd attended court each day. The ladies seem to have lost interest, however, as not more than a half dozen have been present at any time this week. Bob, Emmett and Grattan Dalton, brothers of William Dalton, were involved in the attempted train robbery.

The Porterville hotel company held a meeting last Saturday when a full board was present.

An assessment of \$3.50 per share was levied on the stockholders for the purpose of making improvements on the hotel, painting it and otherwise decorating it.

The Tulare Lake Canal company has incorporated for the purpose of damming and taking water from the Tule river, or Elk bayou, for irrigating purposes.

Capital stock is \$50,000, all of which has been subscribed by the following incorporators and directors: Walter Turnbull, E. B. Pond, G. Ollino, T. Bacigalupi and C. L. Taylor.

Last Monday, J. B. Sutherland was driving a wagon on his ranch at Fountain Springs when the horses took fright and ran away, upsetting the wagon, throwing him out and breaking one of his ribs.

Porterville now has the neatest fitted up postoffice in the county. Postmaster Belknap started in last Saturday and has changed and renovated everything.

Louis Pohlman has built an addition to his house, and has generally improved it.

J. Miller will sow 600 acres to grain on his Deer Creek ranch this season.

L. L. Gill shipped four carloads of fine steers to the San Francisco market last week.

W. L. Hemphill has resigned the postmastership at Lindsay. A. D. Smith has been appointed in his stead.

Building will commence at once on the new Catholic church in Porterville, the bid of Fred Banta of Fresno having been accepted as the lowest.

Will Glover is working at Rockyford for M. H. Bailey.

F. W. Phariss purchased the

stallion, Black Boy, from A. Parker, at Farmersville.

Mrs. W. I. Hodge and children of Springville, visited Sunday at the A. Millinghausen home.

A. M. Coburn's teamsters are on a strike, so saith Dame Kumor, and he has closed his mill for a week.

Henry Murphy returned from Tulare Saturday, where he had attended a county convention of the Farmers' Alliance. He was a delegate from Milo Alliance No. 265.

Mr. and Mrs. John Hossick are at Mrs. E. A. Cramer's; Mr. Hossick will leave for San Francisco, Monday.

The Andrew Ross place in Pleasant Valley, consisting of some 400 acres of foothill land, is said to have been sold for \$2,500.

L. J. Redfield, proprietor of the Pioneer hotel, went to Visalia to take in the fair.

SELL FIREARMS

A public sale of 75 confiscated rifles and shotguns will be held Saturday, April 7, in the Sacramento office of the division of fish and game, the firearms, as well as some fishing equipment, being forfeited by California conservation law violators.

Treating cotton seed with new Improved Ceresan will frequently reduce damage to seedlings from damping-off or sore-shin disease.

• Reddy Kilowatt —
your electric servant

America grew power-full by being American!

That is to say, our nation became the greatest producer and user of electric power in the American way, by leaving the job to the business-managed electric companies. By pioneering, by constant research and development and by efficient operation, these companies have provided Americans everywhere with the best electric service in the world, at very low rates and without red tape, delays or additional cost to taxpayers!

"Edison electricity is your best buy—you can depend on it!"

SOUTHERN CALIFORNIA EDISON COMPANY

POWER POINTER

PLENTIFUL FOOD FEATURES FOR MARCH

Food Supply At A Glance

EGGS — With peak or near peak production in April, egg supplies are expected to be nearly as large as last year.

For good nutrition, eggs in some form may appear in the family diet every day. Get the most from them by storing and cooking them properly.

COTTAGE CHEESE — Skim milk products are expected to be in heavy supply during April, with popular cottage cheese leading the parade.

An excellent and inexpensive source of easily digested protein, containing calcium and other essential minerals and vitamins.

FROZEN FISH — continues in good supply in the coastal states. It's a good food value for budget-wise Western consumers.

BROILERS AND FRYERS — Heavy production for April marketing is expected to result in near record supplies of these tender young chickens.

Taste-tempting for spring meals, these young birds have a high protein content that is a valuable tissue-builder for children and adults.

FRESH VEGETABLES — Cauli-

VITAMIN D

ADDED AT NO EXTRA COST

Nielsen's

Produced & Processed In Tulare County

FRESH DAILY

flower, carrots, lettuce, potatoes, green asparagus, are expected to be available in large volume during April.

They are a good source of vitamins and minerals and add color, variety, and texture to meals.

More Plentiful For This Month

APPLES — Supplies of fresh apples continue to be record large for this time of year and should make apples a good food buy at reasonable prices in April.

Fresh apples are a popular fruit because of the variety of ways they may be used. The more appropriate uses of varieties expected to be marketed heavily in April are:

Dessert: Delicious, Winesap, and McIntosh.

General: Winesap and McIntosh.

Baking: McIntosh and Rome Beauty.

Cooking: Rome Beauty.

CANNED APPLESAUCE — The heavy pack last fall and winter should make canned applesauce a readily available and tasty addition to most any meal.

Use it with meats, in cakes, or combined with powdered sugar as an icing for spice cake.

POTATOES — Unusually large holdings for this time of year with heaviest shipments expected from Idaho in the West, and from Maine, North Dakota, Minnesota and Colorado, make potatoes an economical standby on consumers' lists.

Boil potatoes in their jackets to keep more vitamins and minerals in. Start with potatoes in cooked in their skins . . . whether

shallow greased pan, (8x8 in.) Pare, core, slice 3 medium sized apples Place on dough in rows of overlapping slices.

Mix: 3 Tbs. sugar 1 Tsp. cinnamon Sprinkle over apples, dot with table fat. Bake 375 degrees for 40-45 mins. Pour syrup over top while still hot.

NEW SUGAR-FREE ITEMS FOR DIABETICS

Sugar-free toothpaste and cough syrup are now available for diabetics. Rexall has finally, after years of experimenting, produced the two items that have been impossible in the past.

The tooth paste and the cough syrup are highly efficient for

their purposes. They not only work as well as the usual kinds . . . they are fine products, able to compete successfully with the sugar mixtures.

SHOPPING

Color Symphony

Morgan Furniture Company Photo

Introduce freshness and charm into your bedroom with a new floral wall paper. Keying itself to the latest color trends, this wall paper has a white ground with purple violets and green leaves.

It provides a perfect background for the fruitwood furniture of the French Provincial setting and dramatizes the utter simplicity of the smart lamp. A more perfect blending of period styles would be difficult to surpass.

RAISIN PIES PACKED IN POPCORN FOR SHIPMENT

If you want to enter a raisin pie contest in Fresno on April 12, but don't know how to successfully ship a raisin pie through the mail, here's a solution to your problem.

Place the pie in a box, sur-

round by unsalted, greaseless popcorn, and the pie will get through in perfect condition — at least an experimental pie did.

The raisin pie contest, sponsored by the Central Valley Empire association, is a state-wide event, with prize for the best pie, a General Electric range. Pies must arrive in Fresno not before April 10 or after 9 A.M., April 12.

Entry blanks and full information are available through the Central Valley Empire Association, P. O. Box 905, Fresno.

you serve them creamed, mashed, or hash-browned.

DRY BEANS — Most classes of beans are plentiful, particularly pea (or navy) beans.

Baked beans, an old-time favorite, is a hearty, inexpensive main dish . . . it's a good pinch-hitter for other protein-rich foods.

For variety in flavor, place a peeled onion in the bottom of the bean pot or add the onion and tomato catsup. Serve with a tossed green salad, garlic French bread, for a quick meal.

PEANUT BUTTER — Supplies of peanut butter continue to be heavy this month. Peanut butter rates high in protein . . . both in the quantity of it and the quality. It's a good source of energy.

CANNED FISH — Canned tuna, canned sardines, and canned mackerels are also expected to be in good supply during April.

Sewing Machine Attachments Subject Of Earlimart Meet

"Sewing Machine Attachments" will be the subject of a home department meeting for 4-H leaders and members to be conducted by Home Advisor Betty Warmuth at the Earlimart Elementary school in Earlimart, Saturday, March 31, from 10 A.M. to 3 P.M.

In addition to demonstration of attachment uses, representative 4-H clothing kits from the University of California will be shown. Similar meetings have been held in Porterville and at Sequoia Field.

Toys Can Be Made From Home Materials

By Clara E. Cowgill
Home Advisor

Use the materials around the house to make toys for the toddlers. Clothespins will make a doll and a salt box can be her cradle. Paint a face on the head of a straight clothespin to make the doll. Gather a piece of bright

Cutting Board Better, Tougher

A splinter-free cutting board which is unaffected by mild acids, won't absorb food odors, and is easily made is the latest household hint.

Use quarter inch pressed-wood, of the Masonite type; culinary experts say it's ideal for kitchen use. It's smooth, resistant to moisture and everything else.

It's an ideal tool for sandwich making, cutting salad ingredients, carving, chopping. Knife edges won't be dulled; the board may be cleaned with a wet cloth.

print material around the neck and sew it up the sides for her dress.

Cut out one side of an ordinary salt box for the cradle. Scotch tape the spout to hold it in, or tear it out and cover up the hole. Paint the box in bright enamel, and weight it inside with a small bean bag. Use a few layers of tissue paper for a mattress.

BARN THEATER STAGE WHISPERS

WE DON'T COUNT ON WORKING AT THE BARN TO ALWAYS AFFECT YOU THAT WAY DEPT: Dave Weaver and spouse Marie drove the ten miles to their house from the Barn — drove into the driveway — backed out of the driveway — and drove the ten miles back to pick up their child at the baby sitter's!!

MOTHS RESPONSIBLE FOR NEW FASHION DEPT.: Phoebe Ann Tobias was asked to wear a mad hat with black feathers for the Senator's wife, she said she had just the thing. The little creatures had found it first however and it was terribly moth-eaten. Not at all daunted, Phoebe Ann stepped out into the chicken yard, and now it's a black rooster that looks moth-eaten!!

"BORN YESTERDAY" OPENS APRIL 5 — THAT'S FAMILY NIGHT, BRING YOUR WHOLE FAMILY FOR \$1.00 PLUS FEDERAL TAX! DON'T MISS OPENING NIGHT.

BOOK SHELF

By DOROTHY MARGO

Adventure stories have a wide appeal at all times, but when they are TRUE, yet written as easily and smoothly as a novel, there is nothing more fascinating. ILL MET BY MOONLIGHT, by William Stanley Moss, is tops in this field today. Outstanding in the "Now it can be told" class, its publication was forbidden in 1945. Now it comes forth, to startle us with the casual ease with which twenty-two year olds dare to do the impossible, and get away with it.

"On April 26, 1944, Major-General Karl Kreipe, Commander of the German forces on Crete, left his headquarters for his villa, a short distance away. But the General never arrived. Instead, he rode, in his staff car, past twenty-four of his military posts, receiving full salutes from the guards — with the gun of a British officer pressed closely to his side." So it goes, the most daring abduction of modern history, a tale unbelievable, yet fully substantiated, and written with the skill of a veteran novelist. I'll guarantee that once you have begun this book, you won't put it down until you have finished, whatever the hour!

Back in Harold Lamb's undergraduate days at Columbia, he says "he became aware of something gorgeous and new, the chronicle of the people of Asia." For years he has devoted himself to enthusiastically digging out facts, searching and sifting historical data, and then clothing them with color and movement until his tales sing of high adventure. SULEIMAN THE MAGNIFICENT, SULTAN OF THE EAST, is the latest of these, and while I am still under its influence, I feel it is the best. The author's magic takes us to another century and a different way of life, and makes them live for us. He has lost nothing of his skill, and increased the warmth of his touch.

Americans spend more time hunting and fishing than they do attending sports events, playing outdoor sports, or playing cards, according to a survey conducted by Fortune magazine.

Shopping... with Betty

By Betty Scott

Young fella, maybe seven years old went shopping with his mother last Saturday. He stood gawking around the store 'til his eye lit on the poster with my photo. It acted like magic, he sprang into best Hop-Along-Cassidy action... Pointed his arm at my picture and shouted dramatically, "Ten thousand dollars reward for that woman!" Wisht I'd met him... nobody else ever put so high a value on me! Ah, fame! The blouse in that picture still looks like new, tho it's over 5 years old... what comes of sending clothes to PROCTORS CLEANERS, Putnam at 4th. They "Retex" 'em free and keep the fabric young.

Easter Bunny must have had a time... sure went hog-wild, anyway. Dunno how he did by coloring your eggs; but he certainly painted... out of a bunch of houses out in the west end of town! I like it. Why live in a drab place? The purtier the better, I say. That's why I always go to FLORENCE PEAK'S BEAUTY SALON and encourage everyone else to go there too. Don't turn out quite as purty as an Easter Egg or new painted house, but the purtiest you can turn out considering what there is to work with! Certainly, can't ask for more than the best. Call 107-W, plenty of free parking at Harrison and 2nd, and you can go in your slacks.

If you have in mind to get a cooler installed... hurry! When it gets hot in the attic NOBODY can be hired to work there putting one in! Gets about 175 degrees in the attic in summer. Same applies for insulation. Johns-Manville Insulation gives you double dependability... keeps winter cold out, summer heat out too. Reduces your fuel bill as much as 1/3 and keeps your house as much as 15 degrees cooler in summer. Stop at BREY-WRIGHT LUMBER Co. or call 1640 for a free estimate. 10% down and 30 months to pay.

Read that Television's biggest audience so far has been for the Kefauver hearings. Seems everybody down South talks of nothing else but watching them. My private snoopers tell me that watching the sweat break out on a cornered witness is exciting. I'm willing to believe it. Like watching the bridegroom go all weak the last minute. Planning a wedding in your family? See Marie, she lends the book "Wedding Etiquette Complete" by Bentley. BREY'S BOOK SHELF has all the cards, invitations, and announcements... done up "according-to-Howe." It's also the best place to shop for gifts for weddings and all other occasions. New china tea-pots are in... the only way to brew perfect tea, also lovely copper tea kettles. Brey's gifts are proudly given and proudly received.

Heard about a sad Papa Sunday evening... has a whole li'l stair-steps. By sundown he was a wreck! They'd just about bunned and egged him all to pieces! There were at least a million pictures taken of that day and its doin's, if you didn't get one of your li'l eggs, take 'em to EDWARD'S PHOTOGRAPHY STUDIO, call 1385-J for an appointment. Jeff also offers lovely wedding pictures. Ten photographs and a beautiful album for \$25.00.

The greatest gentleman in our town... Officer Mac. He and I ran a continuous race last week... and though he appeared to be busting a tuck and huffed and puffed convincingly... I always won! Managed every time to get in the old bus and start backing just as he arrived at the meter, shaking his head and looking baffled. Am taking my shoes to CARROLL'S SHOE SHOP for new heels and I bet I really will give Officer Mac a run for his tickets next week. Mr. Carroll can make you fleet of foot as Mercury! Putnam and Division is the spot.

For alla you down-town traffic haters, for all allergic to parking meters... watch W. Olive at Villa and see what store is putting in a branch, to save you steps, time, money... a bargain like shopping at PORTERVILLE PRODUCE, Orange and "C." Here are this week's items:

Tomatoes (good) 30c basket	Cabbage 12c lb.
Beets 10c bunch	Asparagus 29c lb.
Green Onions 2 bunches 15c	Olives 69c qt., \$1.75 gal.
Radishes 2 bunches 15c	Cauliflower 18c head
Carrots 2 bunches 17c	Zucchini 2 lbs. 29c
Green Peas 2 lbs. 29c	Bananas 2 lbs. 29c
Potatoes \$2.25 100 lbs.	Oranges \$2.00 box, 25c doz. and 35c doz.
Dry Beans 2 lbs. 25c	Apples, Golden Delicious and Pippins 2 lbs. 19c, Red Delicious 2 lbs. 25c
Dry Onions 6 lbs. 25c	
Onion Plants 25c 100	
Celery 10c bunch

WILLIAMS BILLS PERMIT EXCLUSION

Two bills by Senator J. Howard Williams, of Porterville, will be of great assistance to the Orange Cove Irrigation district in the construction of a distribution system to take water from the Friant-Kern canal.

Senate Bill No. 376, which passed the Senate this week, will permit the exclusion of land within the district where the land-owners wish to build their own distribution system and not wait for action by the bureau of reclamation which may take several years to construct. Under this legislation land-owners would not

be charged twice for the construction costs and would speed up the building of distribution pipe lines so water may be taken by land-owners as early as this coming winter.

Under Senate Bill No. 558 warrants to pay the cost of improvements within the districts will be more salable and will permit the use of private capital for the construction of improvement district pipe lines.

This legislation is permissive in scope; it may be used to finance any desired construction the district may approve.

COTTON AVERAGE IS 823 POUNDS OF LINT PER ACRE

California cotton growers last season produced an average of 823 pounds per acre of lint cotton, the highest yield ever recorded here, or anywhere in the world. The national average in 1949, the latest figures available, show a yield of only 283.9 pounds.

The final cotton report from the Production and Marketing administration this week set the total crop at 981,647 bales harvested from 578,000 acres. A comparison of figures made by the Agricultural Labor Bureau of the San Joaquin Valley shows the 1950 crop is second only to that of 1949 when 1,268,000 bales were harvested. However, the planted acreage in 1949 was 380,000 acres greater than in 1950.

State Farmers Tops

With cash receipts totalling \$2,160,440,000 last year, California farmers led farmers in all other states of the nation. Iowa trailed California by \$102,339,000; this is the third straight year that California has topped the nation in farm income.

PAPER BOUGHT

Robert W. Wagner has purchased the Pixley Enterprise from W. A. McArthur, Jr. and W. A. McArthur.

The registered Brown Swiss bull, Weaverville Pathfinder Banner, 101456, has been purchased by Manuel Cardoza from Winifred M. Weaver, of Visalia.

Werdel Fights Tax

Congressman Tom Werdel, 10th California district, this week appeared before the House Ways and Means committee to express his opposition to a proposal of the secretary of the treasury that present excise taxes on wine be more than doubled.

SCOUT WORKER

Bob Lefever, Porterville, now in the United States army, is stationed at the Aberdeen Proving grounds in Maryland, where he has been assigned the job of organizing a Boy Scout program for the personnel on the base.

Sewage Plant

A petition asking that the city of Porterville sewage disposal plant on west Morton street be moved to a new location rather than enlarged at the present location, has been filed with the Porterville city council. The petition bears 137 signatures.

New Postmaster

Walter D. Nicholson has been nominated to succeed H. C. Bryans, resigned, as postmaster at Pixley on a new list of postmaster nominations sent to the United States Senate by President Harry S. Truman.

ABC TOP & AWNING OFFERS UPHOLSTERY, CANVAS WORK

A COMPLETE service in auto upholstery and canvas work is offered by LaVerne Dunn at the A.B.C. Top & Awning Works, 1348 West Olive street in Porterville, where Mr. Dunn, who has resided in Porterville since 1912, has been in business for the past eight years.

IN ADDITION, A. B. C. Top & Awning does furniture covering, rug binding and home and commercial awning work, handling both canvas and metal awnings. A specialty is tailor-made car seat covers, also truck tarps in all sizes and types as well as coverings for horse trailers.

MR. DUNN has a well-equipped shop, and carries a variety of styles and designs in canvas and other coverings, as well as a line of art leather. Canvas goods and art leathers are sold at A.B.C. Top & Awning Works as yardage, in addition to sale as made-up products.

ASSOCIATED WITH Mr. Dunn is his son, Lewis, who graduated from Porterville high school in 1950. The firm carries a regular payroll of from two to three men, and quality of work is stressed on all jobs.

A.B.C. Top & Awning Works is conveniently located on West Olive, where there is no parking problem. It will pay you to stop by and have a talk with Mr. Dunn if you are considering awnings, car seat covers, furniture covering or any type of canvas work.

Main St. Porterville. Allow about 15 days for delivery.

Gasoline and Kerosene Can Be Boon, Not Boom During Period Of Spring House Cleaning

Gasoline and kerosene, used properly, are a boon, not a "boom," to mankind. Spring cleaning time can be dangerous if these liquids are used indiscriminately around the house.

Home Advisor Clara E. Cowgill, of the University of California Agricultural Extension service, does not recommend dry cleaning clothing or furniture in the house. If you must clean at home, do it out-of-doors and use noninflammable, nonexplosive cleaners such as carbon tetrachloride, she says. The vapors of carbon tetrachloride are harmful in large doses, so use cleaning solvents outside.

Never use gasoline or kerosene on floors or baseboards during housecleaning, or at any other time. Do not use them to start fires, either. If you use these materials in the house at all, store your supply in a well constructed steel tank at least 40 feet away from buildings or materials which will burn. Close any smaller containers tightly since the escaping fumes may explode.

Quick drying paints are another possible source of fire. The paints dry through the evaporation of a

solvent used to make them. If the vapors collect in a closed room, the least little spark may set them off. Keep all the windows open when you are painting, Miss Cowgill advises.

Most insecticide spray for home use will burn, too, so do not use them near an open flame or a lighted cigarette.

Electricity Is Subject Of Meet

Bob Burbank, Edison company engineer, instructed eight leaders of 4-H club electricity projects at a dinner meeting held last Wednesday at Gang Sue's Tea Garden in Porterville.

Leaders of electrical clubs attending the Porterville meeting were: Ed McGoon, Dinuba; Bob Soult, Tulare; Emory Hull, Ivanhoe; Kenneth McNeese, Visalia; Ross Smith, Strathmore; C. M. Pixley, Springville; Lawrence Meier, Porterville and John Saylor, Earlimart.

SCHOOL BOARD

Homer Wileman and Homer Dee Bohannon have filed for the Ducor Elementary school board; Ray DeBord has filed from Hot Springs.

Pictures At Alpaugh

Motion pictures, "Tropical Treasures" and "Born in the West," will be shown by Leslie King, Treanor Equipment company, at a meeting of the Alpaugh Farm Bureau center tonight at the school auditorium. Newcomers To State May Have To File Income Tax Return

Newcomers to California are warned that they may be required to file State income tax returns. Thomas H. Kuchel, chairman of the Franchise Tax board advises that individuals who are in California for other than temporary or transitory purposes are considered to be residents of this State and are required to file returns if their net incomes for the year 1950 equal or exceed \$2,000 if single and \$3,500 if married.

Those who are uncertain of their residential status may have the situation clarified by visiting the office of the Franchise Tax board at 339 Anglo Bank Bldg., Fresno.

When foothill ranchers burn off brush from the rangeland and seed grass in its place, they are replacing a poor erosion — resisting cover with a much better one. Valley people should therefore be heartily in favor of the program.

The Farm Tribune

Published Weekly at Porterville, California
522 North Main Street Porterville, California
John H. Keck, William R. Rodgers - Co-Publishers
The Farm Tribune was declared a Newspaper Of General Circulation on January 10, 1949, by judgement of the Superior Court of the State of California, in and for the County of Tulare.

Porterville Future Farmers Are Contest Winners

Porterville Future Farmers last night won first place in a parliamentary procedure contest held at the Porterville high school cafeteria, with Tulare placing second and Hanford third.

The new type of contest was based on ability of chapter officers to conduct a meeting in accordance with Future Farmer practices and Roberts Rules of Order.

Each group of officers opened a meeting, handled business, including motions, amendments and secretary records, then closed the meeting. Representing Porterville were: Herb Zimmerman, president; Jerry Ridgeway, vice president; Clarence Kays, secretary; Bob Stevens, treasurer and J. J. Hatfield, reporter. Coach of the team was R. C. Roth, members of the agricultural faculty.

DOLLAR DAYS

Porterville merchants will be offering values galore at a Dollar Day event, scheduled for next Friday and Saturday, April 6 and 7, with residents of southern Tulare county invited to "shop Porterville" on those two days to take advantage of the bargains that will be offered.

ELECTION

Voters of Porterville will go to the polls next Tuesday, April 3, to elect three city councilmen, with Ed Holbrook running without opposition for a two-year term and with Incumbents Dr. Jim Barber and Herman Matzke opposed by Glenn R. Cline for two four-year terms.

FFA MEMBERSHIP

Theo. S. Cairns and Luther Patterson were given honorary memberships in the Future Farmers of America at a recent banquet of the Lindsay chapter of Future Farmers.

FINAL DETAILS of the 1951 Educational and Sales Conference, slated in Porterville on Tuesday, April 10, for members of Realtor boards from Visalia, Hanford, Fresno, Bakersfield, Lemoore and Porterville are being made by the above members of the Orange Belt

Board of Realtors: Roy A. Hill, educational chairman; J. Dahle Frost, president; Sterling Ensign, secretary; Allan Basye, regional vice president of the California Real Estate association and Charles J. P. Deacon, publicity and

attendance chairman. It is expected that some 200 realtors will attend the one-day conference in Porterville. Tickets may be secured from Mr. Deacon at the Harry Johnson company office, 520 North Main Street, Porterville.

Movie Star To Be Festival Guest

Tim Holt, motion picture star, will be the guest of honor at the annual Orange Blossom Festival in Lindsay, Friday and Saturday, April 20 and 21.

The annual Festival, featuring an all-day program April 21 and evening entertainment April 20, is one of the most colorful events among California celebrations.

HORST FILES

Titus B. Horst, incumbent, has filed for reelection to the Sausalito Elementary school board of trustees.

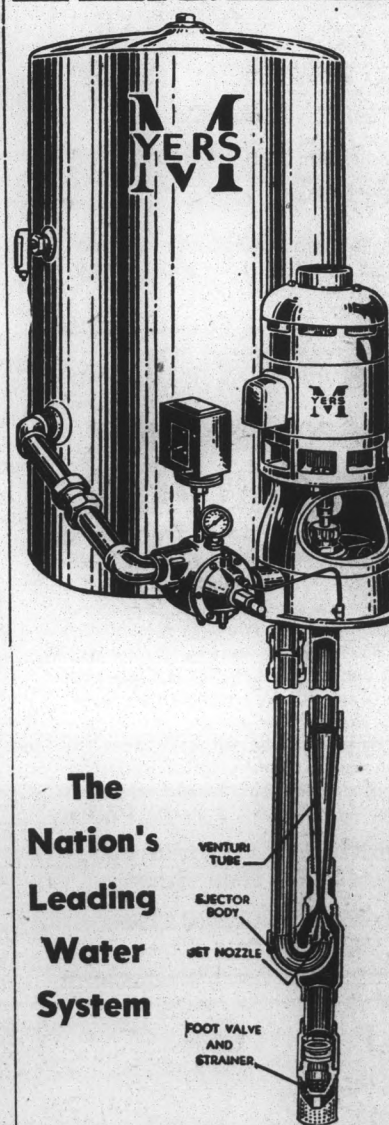

Shortages Seen In Fertilizers, Farm Implements

Farmers can anticipate shortages in fertilizers and farm implements this year as results of two factors — diversion of materials into war production and lack of shipping facilities — according to Gerry Carroll, regional manager of the John Deere company and Charles Carlson, Pacific Coast representative of Balfour-Guthrie, who spoke Tuesday evening at a meeting of the Porterville Farm Bureau Center at the Porterville Women's clubhouse.

Attending the meeting and speaking briefly were County Farm Bureau President Charles Hamilton; County Secretary Sarah Smith and Farm Director Don Kruse. Musical entertainment was provided by the Strathmore trio, composed of Donna Joy Peterson, Carol Maria Fillmore and Mrs. John Fillmore. U. S. Hatfield, Porterville Future Farmer, also spoke.

Howard Michaelis, Porterville Center president, presided; an excellent roast pork dinner (Monache pork) was served by Mrs. S. H. Kauffreath.

"SMALL BUSINESS"

By C. WILSON HARDER

As reported last week, the so-called aluminum shortage appears to be more a matter of manipulation than necessitated by facts.

A special Congressional committee headed by Rep. Celler (D., N.Y.) has come out against Commerce Secretary Charles Sawyer's pet plan to finance a half billion dollar new plant for Alcoa's Canadian affiliate, Alcan, with American taxes.

The plan was found to be as lightweight as aluminum.

Alcan agreed to sell the U. S. a billion pounds of metal from the proposed new plant. It would take 3 to 5 years to build the plant. In the meantime, it is presumed, Alcan would continue to sell to Russia's satellites from present production.

Obviously, Sawyer's plan would have put Alcoa, and Alcan, already in control of more than 50% of aluminum, on the road back to the more than 85% control they jointly enjoyed prior to 1941.

Rep. Celler's committee, in condemning the plan, calls for encouragement of immediate production expansion by independent American producers. Whether Congressional desires will again be thwarted by high level bureaucracy remains to be seen.

All impartial facts seem to indicate domestic production can well exceed demand if free competitive enterprise in the industry is allowed.

Richard Reynolds Jr., president of Reynolds Metals, largest of the producers not under the

Alcoa banner, testified before the committee that he had been asked to submit plans to produce another 150,000 tons, then received a "go ahead" for only 100,000 tons.

This was one of the reasons why the committee asked Jess Larson, head of the General Services Administration, why the U. S. aluminum expansion program approved by the government has so far been limited to creating an additional production of only 446,000 tons.

His reply was that present requirements given him do not indicate need for any additional production. Larson said his personal opinion is that more production is needed, but officially he can't do anything about it.

This, in itself, is an odd commentary. Larson, as head of the GSA, is responsible for maintaining stockpiles, but presumably lacks authority to go with this responsibility.

This position of sitting on a picket fence is not new to Larson. After Korea, when GSA announced plan to sell huge government industrial alcohol plant to Schenley, Larson told protesting Congressmen sale would be stopped, issued a letter to this effect. But despite this action, sale went ahead. To this day everybody in Washington, including presumably Larson, wonders "How?"

The House Small Business Committee, headed by Rep. Wright Patman (D., Texas) announces it is splitting into 3 task forces to seek out nation's small businesses, get firsthand facts.

This is a move that leaders of organized small business have sought. The findings, presented in the able, aggressive manner of Rep. Patman and his Congressional colleagues may result in fireworks.

NOTICE TO BIDDERS

- Notice is hereby given that sealed bids will be received by the Board of Trustees of the Porterville Union High School District in the Porterville Union High School office at 8:00 p.m. on March 26, 1951, at which time and date bids will be opened for the re-surfacing of six tennis courts. The courts will cover an area approximately 250x300 feet, and are to be constructed of asphaltic concrete surface stain in accordance with provisions of specifications previously adopted and on file in the office of the District Superintendent of the Porterville Union High School District.
- An optional bid may be made on the construction of three courts, the area being reduced proportionally.
- An optional bid may be submitted on complete rebuilding of three or six tennis courts on the same area.
- Bids must be accompanied by a certified check in the amount of not less than 10% of the total bid. The Board reserves the right to refuse any or all bids, to waive any irregularities, and to be the sole judge of the merits of the bids offered.
- By order of the Board of Trustees, Porterville Union High School District, in regular session, February 26, 1951.

NOTICE OF HEARING PETITIONS FOR EXCLUSION OF LANDS FROM LOWER TULE RIVER IRRIGATION DISTRICT

Notice is hereby given that a petition signed by Paul Hudson and Daisy Hudson, owners in fee of the real property situate in Tulare County, California, described as follows, to-wit: The South half (S½) of the Southwest Quarter (SW¼) of Section 11, Township 22 South, Range 26 East, M. D. B. & M., Tulare County California.

has been filed with the Lower Tule River Irrigation District requesting that said lands be excluded from the District.

Hearing on said petitions is set for April 3, 1951, at the hour of 9 o'clock a. m. at the office of the District at Woodville, California, when and where any persons interested in the proposed exclusion may appear and file objections in writing, showing cause, if any they have, why the land or any of it should not be excluded as proposed in the petition.

LOWER TULE RIVER IRRIGATION DISTRICT

NORMAN VOSSLER

SECRETARY

M 15, 22, 19

RESOLUTION

BEFORE THE GOVERNING BOARD OF THE WOODVILLE SCHOOL DISTRICT COUNTY OF TULARE

In the Matter of Declaration of Intention to sell Certain School District Property.

Upon motion of Trustees John Hawthorne, seconded by Trustee H. W. Green, the following resolution was duly made, passed and adopted by the Governing Board of said School District in a regular open meeting, by not less than a two-thirds vote of all its members:

WHEREAS, the School District is now the owner of certain real property hereinafter described, and

WHEREAS, it appears to be in the best interests of said School District that said property be sold,

NOW THEREFORE BE IT HEREBY RESOLVED by this Governing Board of said School District as follows:

(1) That it does hereby declare its intention to sell the hereinafter described real property, upon the terms and conditions hereinafter set forth, and at a minimum price of not less than Three Hundred Fifty Dollars.

LEGAL NOTICES

(2) The said property herein referred to is described as follows: That portion of section 18, Township 21 South, Range 26 East, M.D.B.&M. in the County of Tulare, State of California, described as follows:

Beginning at a point Sixteen and a Fourth (16¼) rods West from the Northeast corner of Section Nineteen (19), Township Twenty-one (21) South, Range twenty-six (26) East, Mount Diablo Base and Meridian running North Sixteen (16) rods, thence West Twenty (20) rods, thence South Sixteen (16) rods to place of beginning being Two (2) acres.

EXCEPTING the East 60 feet thereof, and excepting the West 60 feet thereof, and

SUBJECT to a right of way across the South 35 feet thereof, and other rights of way and easements of record.

(3) That this Board finds that said property is not, or will not at the time of delivery of title or possession, be needed for school classroom buildings or other school district purposes.

(4) That the 17th day of April, 1951, at eight o'clock P.M., at Woodville School are fixed as the time and place for a public meeting of this Board at which proposals to purchase the said property will be received and considered.

(5) Written proposals must be sealed and filed with the Clerk of this Board prior to the time above mentioned, together with security in form of a certified check or bidder's bond in ten per cent of the amount bid in favor of said District, which shall guarantee that the successful bidder will purchase the herein described property upon the terms herein set forth, and shall be deemed to be, and surrendered to said District as, liquidated damages if he does not.

(6) That after opening and reading all written proposals at the time above mentioned, this Board shall call for oral bids. If any responsible person thereupon offers to purchase said property upon the terms specified herein, for a price exceeding specified herein, (5%) per cent of the highest written proposal, then the oral bid which is highest, if made by a responsible person, shall be finally accepted. Such person must be ready to then and there tender the security mentioned in Paragraph (5), which may also be cash.

(7) That this Governing Board reserves the right, if it deems such action to be for the best public interests, to reject any and all bids, and withdraw the property from sale. This Board further reserves the right to delay final acceptance to any adjourned session of the same meeting held within the ten days next following.

(8) That the Clerk of this Board shall cause copies of this resolution, signed by not less than a majority of this Board, to be posted in three public places in said District, not less than fifteen (15) days before the date of said meeting, and to be published not less than once a week for three successive weeks in The Farm Tribune, a newspaper of general circulation published in said County.

worth showed a choice Angus steer; Walter Hunsaker, two choice and three good steers in a pen of five.

Arlin Morris showed two choice and three good steers in a pen of five, in addition to winning a calf in the annual calf scramble and J. J. Hatfield showed a good Duroc barrow. John Dennis got 60 cents per pound for his prime steer at the annual fat stock sale.

From Strathmore, Cody Noel, Wayne Giddings, and Charles Fisher showed choice Hampshire barrows; Johnny Solo showed a choice steer and from Earlimart, Bill Rambo and James Andreas exhibited choice Chester White barrows.

JALOPY RACES SCHEDULED APR. 6 AT SPEED BOWL

Jalopies of the San Joaquin Valley Jalopy association will race at the Porterville Speed Bowl on April 6 and the roaring hot rods will return for their first evening session on April 14, it was announced this week by Loron Bartlett, managing director, following the opening hot rod races of the season last Sunday in which Johnny Garrett of Los Angeles copped the 25-lap main event.

Garrett romped over the finish after Don Milligan of Los Angeles, who had held a comfortable lead from the start, konked out with but a single lap left to go.

Jerry Hill of Los Angeles was second, with Rosie Rousell also of Los Angeles, third, and Yam Oka, still another driver from the Southland, taking fourth. Time: 8:18.01.

Highlight of the afternoon's races was the new track record. Rosie Rousell lowered his own record of 16.86 seconds for one lap of the track to 16.75. Rosie was the first car on the track in the qualifying times and established his mark on his lap entry.

In the 15 lap semi-main event, Bob Hoover of Porterville took top spot, with Ed Harris of Porterville, second; Bob Rawlings of Los Angeles, third, and Al Driscoll of Los Angeles, fourth. Time was 5:15.12.

Rousell, after setting his track record, took the trophy dash in the fast time of :54.05 for the three laps. Garrett was second and Don Riley of Los Angeles, third.

Heat results: Hoover, Emery, Driscoll, 2:34.92; Meyer, Rawlings, Harris, 2:02.14; Henry, W. Harris, Milligan, 2:04.32; Garrett, Mazeman, Rook, 1:58.

ADULT FIRST AID COURSES TO OPEN

The final courses for beginning first-aiders being offered by Porterville Union High school this semester are scheduled to begin Monday and Wednesday evenings, April 2 and April 4, at 7 p.m. The Monday course will meet at the Rockford school, while the Wednesday night course will meet in room 113 of the high school.

It is hoped, according to Adult School Principal O. H. Shires, that all of those remaining adults who desire a course in standard first aid will be accommodated in these two classes.

Over 270 adults have been enrolled in Porterville's Adult school first aid program this school year. Many of these have already received certificates and are enrolling in the local civil defense program.

DAIRY MANAGEMENT

(Continued from Page 1)
'Mosquito Control,' Rolland Henderson, district manager, Tulare Mosquito Abatement district, after which awards will be made and refreshments served.

The meetings will be about two hours in length, officially designed as the Central Valley Dairy Management course. There is no charge; all interested persons are invited to attend.

Plant Propagation

Fruit growers, nurserymen, and home gardeners may obtain the recently revised Circular 96 entitled "Propagation of Fruit Plants" at the Agricultural Extension Service office in the post office building, Visalia. Principals of propagation by budding and grafting are explained in this publication. Information on propagation by means of hardwood cuttings, layering, and suckering is also given.

FARM TRIBUNE ADS PAY

JACQUELINE SPELLMAN, of Pacific Telephone, holds a replica of the telephone over which the first spoken words were transmitted 75 years ago. It is flanked by the upright, nickel-plated instrument used in the 90's and by the 1951 model recently developed in Bell telephone laboratories. Seventy-fifth anniversary of the invention of the telephone is being observed this month, with R. C. Board, Porterville telephone company manager, citing the 4,800 telephones in service in Porterville today as an example of development since Alexander Graham Bell first transmitted sound by wire on March 10, 1876.

Price Regulations

Residents of Tulare and Kings counties who are interested in details of the price regulation program of the federal government are invited to attend a meeting

in the Visalia municipal auditorium tomorrow night, Friday, at 7:45, to hear Gordon Severance, head of the office of price stabilization for southern California.
